Annual Report 2026

Twelve months of production, in numbers

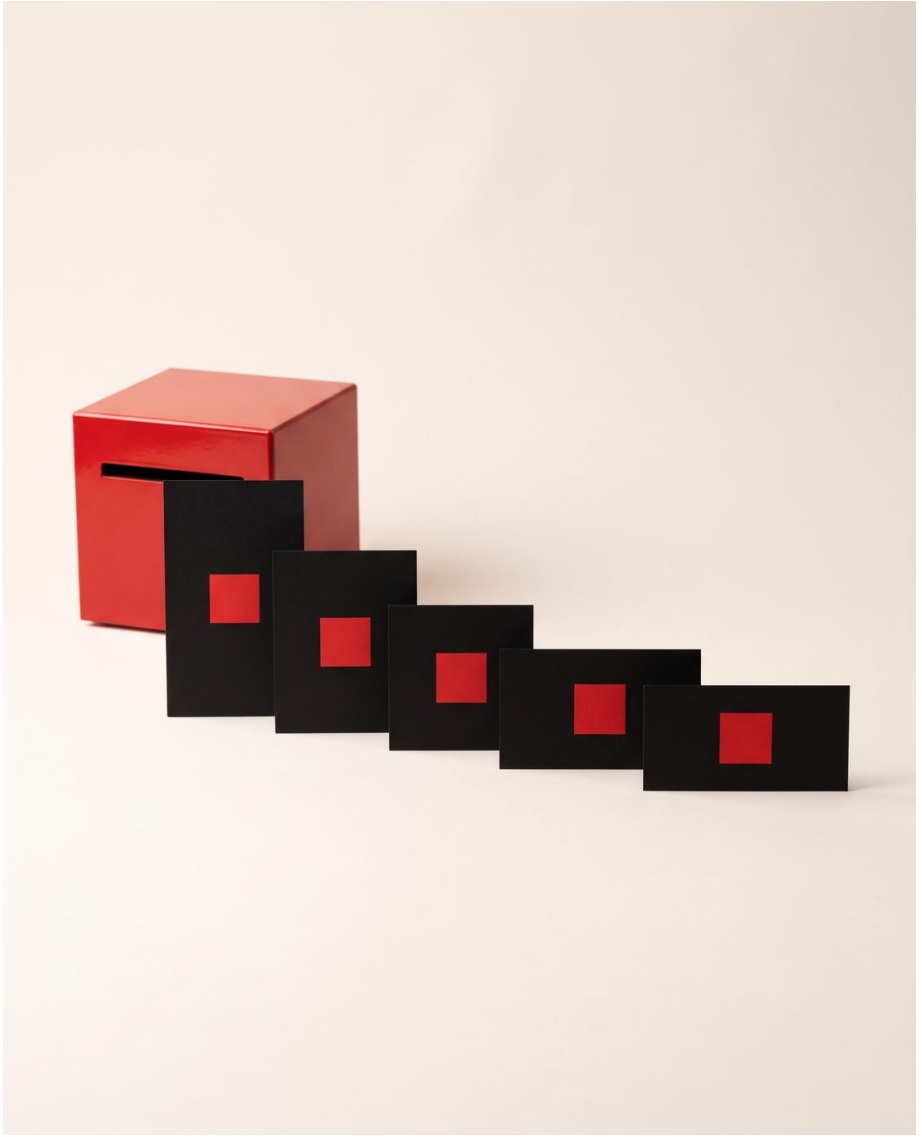

SAMPLE FILE · made by THAT LAB to test Deck Bridge

What changed this year

We moved every repeatable step of post-production into tools. Versions, sizes and file names now come out of one pass, and every result is checked by a person before it reaches a client.

The team spent the saved hours on the work itself: the edit, the colour and the sound.

Delivered work by quarter

Quarter	Projects	Files delivered
Q1	14	1,120
Q2	19	1,480
Q3	23	2,035
Q4	27	2,410

Sample figures for this test file only.
